EVENTS

LaunchX 2024 Ann Arbor Entrepreneurship Program —
Selected for LaunchX, one of the most prestigious global programs, with only 80 participants worldwide *& 100% Financial Aid*.

Young Founders Summit Asia 2024 —
Selected among 80 entrepreneurs from around the world, I traveled to Singapore where I gained insights on marketing and sales from industry leaders. I also co-founded a business platform for Gig's founders.

Young Technology Scholars Program 2024 —
Accepted into the YTS Program 2024 with a full scholarship. Collaborated globally on Biology, Neuroscience, Programming, and Electronics. Conducted medical research and developed WISSH, integrating weather data with smart home tech. Learned from top professors at IITs and U.S. universities.

Codeday Delhi'24 —
Organized a hackathon for 350+ beginners, raised funds over 55K, managed logistics, fostered networking, taught students essential skills and helped them code.
